

Laboratory Scientist

We are looking for a Laboratory Scientist to join our production team of four employees and a manager in Denmark. English is the primary language at BioPorto as we are a diverse team with people from many different countries.

As part of a small team, you will have the opportunity to utilize your current expertise and expand your competencies. You will be involved in many different tasks from hands-on activities of ordering material and producing in the laboratory etc. to more desk-orientated tasks like updates of procedures and validation of equipment and processes.

Our production process combines contract manufacturing with our own production processes to deliver high-quality products for our customers.

You will be part of a highly engaged team, with respect for each other and the different knowledge/competencies we bring to the team.

Key Responsibilities

Your primary task will be:

- Production of antibodies, ELISA kits and clinical immunoassays
- Performing incoming QC tests
- Reviewing production documentation
- Equipment qualification and process validation
- Handling of NCRs, CAPAs and SCARs
- Updating production procedures
- Development and optimization of production methods
- Ensuring that our equipment is maintained and calibrated on time.

Your Qualifications

- Education as B.SC. or higher within engineering, biotechnology or similar relevant experience
- Knowledge of ELISA production and QC testing
- Knowledge of qualification and validation
- Knowledge of GMP
- Knowledge of Quality Systems Standards ISO13485, FDA CFR21 part 820 and IVD/Medical legislation in EU and USA
- Fluent in reading, speaking and writing in English
- Team player - you will go the extra mile to help a colleague
- Knowledge of pharma, biotech or medical device industry is an advantage.

About Us

BioPorto is an in vitro diagnostics company that provides tests and antibodies to clinicians and researchers around the world. We use our antibody and assay expertise to transform novel research tools into clinically actionable biomarkers that can make a difference in patients' lives. BioPorto is headquartered in Hellerup, Denmark and is listed on the NASDAQ Copenhagen stock exchange.

Our People

BioPorto has approximately 35 dedicated employees globally, most of whom work in Hellerup. Our organization is energetic, passionate, and committed to providing a supportive work environment. If you wish to be part of our organization, we are eager to hear from you.

Our Offer

We offer you an exciting and varied job, with great opportunities for personal and professional development. You will work in a small and informal team, in close collaboration with the other team members, and you will be able to influence your line of work.
