

Legal Counsel to Drive Innovation at the Intersection of Law, Science, and Global Healthcare, Hellerup

Shape the Future of Diagnostics and Clinical Research

BioPorto is looking for a legal professional to join our team in Hellerup. Whether you are looking for a full-time position or a part-time position, we would love to hear from you, as the role will be tailored to suit your availability.

About the Role

As Legal Counsel, you will play a key strategic role in supporting BioPorto's R&D and Clinical Operations teams, while also advising our Production and Commercial functions.

In this role, you will report to our Chief Legal Officer, Gry Husby, and be a part of her Corporate Affairs Team currently, consisting of two other colleagues. You will provide strategic legal advice on complex matters across R&D, Clinical, Production, and Commercial teams, and act as a trusted legal partner throughout the organization, both in Denmark and the US, ensuring legal excellence and compliance in all aspects of our business.

Key Responsibilities

- Draft, review, and negotiate a wide range of agreements, including CTAs, CDAs, vendor and consultancy agreements, investigator-initiated study contracts, research collaborations, SAB and KOL agreements, supply and distribution contracts, licensing agreements, and data processing agreements.
- Develop and maintain contract templates, fallback documentation, and centralized contract library.
- Provide strategic legal support for clinical and nonclinical studies.
- Lead data protection efforts across the BioPorto Group, ensuring GDPR compliance.
- Review promotional and advertising materials for regulatory compliance.
- Manage intellectual property matters, including patents and trademarks.
- Oversee budgets related to external legal counsel and patent-related costs.
- Collaborate closely with internal stakeholders and external partners to support efficient project execution.
- Other ad hoc legal tasks.

Your Profile

- Master of Laws degree (LL.M. or equivalent qualification).
- 3–5+ years of legal experience in the life sciences industry, ideally with a focus on R&D or Clinical Operations.
- Strong knowledge of clinical research, GxP, GDPR, and data privacy regulations.
- Fluent in both Danish and English.
- Demonstrated experience collaborating within a multicultural organizational environment.
- Commercially minded with a proactive, structured, and solution-oriented approach.
- Team player with a purpose-driven mindset.
- Able to thrive in a dynamic environment and manage multiple priorities with resilience and ownership.
